The international conference Intelligent Information Processing and Web Mining IIS: IIPWM05, organized in Gdask-Sobieszewo on 13-16th June, 2005, was a continuation of a long tradition of conferences on applications of Artificial Intelligence (AI) in Information Systems (IS), organized by the Institute of Computer Science of Polish Academy of Sciences in cooperation with other scientific and business institutions. The Institute itself is deeply engaged in research both in AI and IS and many scientists view it as a leading institution both in fundamental and - plied research in these areas in Poland. The originators of this conference series, Prof. M. Dbrowski and Dr. M. Michalewicz had in 1992 a long-term goal of bringing together scientists and industry of different branches from Poland and abroad to achieve a creative synthesis. One can say that their dream has come to reality. Scientists from five continents made their submissions to this conference. A brief look at the affiliations makes international cooperation visible. The research papers have either a motivation in create applications or are o-springs of some practical requests. This volume presents the best papers carefully chosen from a...
