To download **Handbuch Der Experimentellen Pathologie Und Pharmakologie (2)** eBook, please access the web link under and save the file or have accessibility to additional information which might be have conjunction with HANDBUCH DER EXPERIMENTELLEN PATHOLOGIE UND PHARMAKOLOGIE (2) ebook.

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 54 pages. Original publisher: Washington, D. C. : U. S. Dept. of Labor, Bureau of Labor Statistics, Office of Compensation and Working Conditions, 1996 OCLC Number: (OCOlc)233591479 Subject: Wages -- United States. Excerpt: . . . -12-a terms L. Let be the zth element of the vector of weighted least squares estimates of  $iz \ i \ a \ a$  from equation ( 12 ), and let  $x$  be the zth element of the vector X. Also let  $\ln p_{ijz} \ i \ j \ i \ a \ a$  and  $x$  be weighted ( by ECI sample weights ) averages over j of  $\ln p$  and  $x$ ,  $ij \ ijz$  respectively. Then, by the properties of the weighted least squares estimators,  $a \ a \ a \ \ln p \ x \ L. \ i \ iz \ i \ z \ A$  Tornqvist index comparing wages in local area b to those in area a is defined ( in logs ) as  $ab \ a \ b \ b \ a \ 1 ( 13 ) \ \ln T \ w \ w \ \ln p \ \ln p \ ( ) \ ( ) \ 2 \ i \ i \ i \ i \ a$  where w is cell share of the labor expenditure in locality a. This differential can in effect be decomposed into contributions of the various covariates in X and contributions of the local area dummies. The contribution of the local area dummies takes the same form as ( 13 ),  $ab \ a \ b \ b \ a \ 1 \ \ln T \ w \ w \ L \ L \ ( ) \ ( ) \ 2 \ L \ i \ i \ i \ i$  Further, the contribution of the zth characteristic of the job or worker to the index in ( 13 ) is  $a \ b \ b \ a \ 1 \ w \ w \ x \ x \ ( ) \ ( ) \ 2 \ i \ i \ i \ i \ iz \ iz \ ...$
