## UC IRVINE: BRIGHT PAST, BRILLIANT FUTURE (HARDBACK)

Third Millennium Publishing, United Kingdom, 2015. Hardback. Book Condition: New. Main. 280 x 235 mm. Language: English . Brand New Book. Running through the history of UCI is an entrepreneurial attitude of mind which has propelled the university forward at considerable speed and very largely under its own steam. This book explores how UCI has transformed from ranch to research institution in a mere half century. It examines the importance and the evolution of the relationship with Orange County and the City of Irvine, as symbolized by the Ray Watson Bridge, linking the city with the university. As a young institution UC Irvine is not particularly defined by historical traditions - indeed there are few. Instead it is defined by its incredible people - students, alumni, faculty, and staff - and by the characteristic of self-reliance and the belief in shaping one's own destiny. For this exciting project, we commissioned two experienced authors to provide a comprehensive account of the origins and development of UCI, its continuing role in today's world and its ambitions for the future. ContentsSECTION I Ranch of Destiny This section provides a chronological narrative of UCI's history from its foundation to the present day. SECTION II Concrete Inspiration The evolution of the campus begins in the central park and includes the School of Medicine, the new teaching hospital in Orange City, the demolition of the Frank Gehry building, the Engineering Hall sustainability award, and a photographic appreciation of the architecture by Ansel Adams. SECTION III Bucking Academic Tradition A book chronicling the history of an educational institution such as UCI is not complete without a substantial section on academic excellence and achievement and how we do things differently. SECTION IV You make your own future here This section looks at the rhythm of...
