Speedy Publishing LLC, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The first thing children learn in school is the English alphabet. Typically, children are taught a song and just repeat it a few times until the letters are permanently ingrained in their heads. However, not all students learn by the same methods. An audio learner can remember every letter merely by singing, but visual and hands on learners need to see and be involved. Alphabet coloring books provide a means for visual and hands on learners to retain the ABCs.
