Partridge Publishing, United States, 2014. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Abastav (Sur Real) is a value added fiction novel . It is unique for world literature -a high tech space colony story. The incidents, scenario, dress, and gadgets are all based on scientific theory . Many are well established, some under the research work of the author . Not to make any discontinuity, the trade marks are not included in the text . The list of such topics under research work is attached. Abastav is a wrap type fiction novel . The space adventure to a satellite named Neo covers a fantasy, which is a classical relativity love story. Here, the time of the two part of the story are different . The space expedition is a space tour of some grown up boys at 2500 A.D. and the fantasy is of 2100 A.D. Abastav is the fourth fiction of the author s space colony sequel, starting from Antariksha . For that, some terms are in continuation from the previous . But those will not hamper the flow of the story. As, Abastav is written for those of any age, having a passion for science and technology, the heavy dictionary words are not included and written in very simple English language, easy understandable for those also whose mother tongue or schooling is not in English. The author expects comments and criticism from the readers.
