Association for Supervision & Curriculum Development. Paperback. Book Condition: New. Paperback. 135 pages. Dimensions: 9.1in. x 6.1in. x 0.5in.How do you know if your school is improving Do you know what really works in reading programs . . . in writing . . . in math . . . in science How do we measure what works What about teaching to the test--or to the vast array of standards being mandated How do we effectively use cooperative learning--and direct instruction--and alternative assessment How do we sustain school reform How do we get results--and measure them in terms of student achievement In this expanded 2nd edition, Mike Schmoker answers these and other questions by focusing on student learning. By (1) setting goals, (2) working collaboratively, and (3) keeping track of student-achievement data from many sources, teachers and administrators can surpass the communitys expectations and facilitate great improvements in student learning. Weekly, standards-focused, team meetings made the difference. As Schmoker says, We cannot afford to overlook the rich opportunity that schools have to make a difference. This second edition of Results: The Key to Continuous School Improvement includes the following: - a Foreword by Michael Fullan; - a new Preface to the 2nd Edition by the author; - new information about cooperative learning, direct instruction, standards and assessments, and research and development; - new examples of successful schools; - new educational research by Michael Fullan, Robert Marzano, LindaDarling-Hammond,...
