Prevention and training are critical elements in developing a structure that ensures the safety of children while they are in God s house. Sadly, many churches are unprepared to combat the possibility of the unthinkable happening to one of their precious little ones. By not taking reasonable precautions, they not only endanger the welfare of their youngsters, but are subject to charges of gross negligence and significant financial judgments against their congregations. The author outlines numerous steps that any congregation can take to protect both the children and churches they serve.ROGER MCNAMARA is a veteran pastor, missionary, and church planter with more than forty-six years of experience in local church ministry in Latin America and the United States.
