University of California Press, United States, 2005. Paperback. Condition: New. 2nd Revised edition. Language: English . Brand New Book. Gandhi s Way provides a primer of Mahatma Gandhi s principles of moral action and conflict resolution and offers a straightforward, step-by-step approach that can be used in any conflict - -at home or in business; in local, national, or international arenas. This invaluable handbook, updated with a new preface and a new case study on terrorism in Northern Ireland, sets out Gandhi s basic methods and illustrates them with practical examples. Juergensmeyer shows how parties at odds can rise above a narrow view of self-interest to find resolutions that are satisfying and beneficial to all involved. He then pits Gandhi s ideas against those of other great social thinkers in a series of imaginary debates that challenge and clarify Gandhi s thinking on issues of violence, anger, and love. He also provides a Gandhian critique of Gandhi himself and offers viable solutions to some of the gaps in Gandhian theory. Gandhi s Way: A Handbook of Conflict Resolution was previously published as Fighting with Gandhi and Fighting Fair.
