An incredibly great book with perfect and lucid answers. Better then never, though i am quite late in start reading this one. You will not sense monotony at whenever you want of the time (that's what catalogues are for relating to if you question me).

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Do you often leave the poker room feeling dejected? If so, don't worry, you fall into the same category as 90 of the poker-playing population. But the goal is to move out of that category and into the top 10 -- the profitable category! The strategies presented in Poker Blog are a continuation of what is offered in Poker Notes. These are separate strategies, not repeat strategies. If you read either Poker Notes or Poker Blog, you're going to be a stronger poker player. If you read both, you will significantly increase your odds of being a long-term winner. This book is not written for professionals. It's written for poker players who are sick of losing and want to turn the tables on their foes. It's also written in a friendly and easy-to-understand style. This makes it much easier for novice and intermediate players to understand and implement poker strategies that should lead to a lot more success.
