AUTHORHOUSE, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. I was the driver of the car, critical with barely a chance for survival--my head was crushed and my spinal cord was ready to sever. The Rescue Team was about to do their job to perfection. To them, it was saving a life, my life. To me it was something I would learn about after coming out of a coma; and the transition from self-dependency into a world of eventual blindness guided by His light. After seeing and sharing all the miracles with others, it s time for me to relive that day. I know God blocks the accident out to protect us, but I feel I missed the start of a true story, that, when shared with others, could give hope and let people know miracles do happen. An incredible true story of personal tragedy, strength, determination, and unwavering faith in our God. An inspiring book. Bea Thompson It seems the busier we get the less we realize how valuable time truly is. The more abundant our lives are with blessings, the less we rely on God. But He is there-every second.guiding us through. This story of Robin s life, a story so remarkable and filled with His guidance, reminds us just how precious every moment is.every moment with our family, friends, and health. I am a better person by reading this story. I will hold my children a little closer today and appreciate the MOMENT a little more. I will praise the Lord more for this time I have here in this crazy world to make a difference. Thank you Robin for your strength and testimony to what He has done for you.and continues to do. Michelle Eggering.
