Forgotten Books, United States, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Report on the Beet Sugar Industry in the United States: May 24, 1917 This investigation was undertaken by the Bureau of Corporations because of complaints made by beet growers that the prices that they received for beets were not commensurate with the price of sugar and the consequent profits realized by beet sugar manufacturers. The work was not completed until after the Bureau Of Corporations was merged into the Federal Trade Commission. The scope of the inquiry was broadened to cover not only the matter complained of by the farmers but also to include a careful study of the principal phases of the beet sugar industry in the United States, from the growing of the beets to the selling of the refined sugar. It is intended to show the condition of the industry as a whole. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
