Universal Publishers, United States, 2012. Paperback. Book Condition: New. 246 x 188 mm. Language: English . Brand New Book ***** Print on Demand *****.Whether you are simply curious about our mysterious neighbor-the Moon-or a teacher looking for ways to teach concepts about the Moon without misconceptions, Everything Moon is the non-technical, comprehensive guide you are seeking. From theories on the origin of the Moon, to phases, tides, eclipses, geology, past, current, and future missions, to the Apollo Program, Everything Moon guides you through the science and history you need to understand the Moon and includes creative, engaging investigations to develop important concepts. Written with teachers and students in mind, Everything Moon is a book for anyone who has ever asked themselves questions about our view of the Moon: what causes the same face of the Moon to face Earth every day; is there really a dark side of the Moon; what causes eclipses, tides and phases? With clear explanations, images, activities, and examples, Everything Moon will not only answer your questions about the Moon, but will spark a lively interest in all things lunar.
