

Competitiveness and Development: Myth and Realities (Paperback)

By Mehdi Shafaeddin

Anthem Press, United Kingdom, 2014. Paperback. Condition: New. Reprint. Language: English . Brand New Book ***** Print on Demand *****. Almost all industrial countries have undergone strategies to maintain, or improve, competitiveness in order to improve the standard of living of their population, particularly during the last quarter-century or so. But how have they treated developing countries? Competitiveness and Development explains how developing countries can attain competitiveness at a high level of development, examines the possibilities and constraints in achieving it, and proposes remedial measures at the national and international levels. The author Mehdi Shafaeddin illustrates how developed countries impose restrictive policies on developing countries through international financial institutions and the WTO, as well as regional and bilateral agreements, thereby limiting their policy space for promoting dynamic comparative advantage in order to achieve competitiveness at a high level of development. Such policies, the author argues, lock developing countries that are at the early stages of development in specialization in primary commodities, or at best simple processing and assembly operations in accordance with their static comparative advantage. To support this argument, the author critically examines the neoclassical theory of economics, which is the philosophy behind the principle of static comparative advantage...

Reviews

It is one of my personal favorite book. It is one of the most incredible ebook i have got go through. You will not feel monotony at at any moment of your own time (that's what catalogues are for relating to if you ask me).

-- **Giuseppe Mills**

This publication will not be easy to get going on reading but really exciting to read through. it was writtern really perfectly and beneficial. I found out this pdf from my i and dad suggested this publication to find out.
