## The Court as a Stage England and the Low Countries in the Later Middle Ages

By -

Boydell Press. Hardcover. Book Condition: New. Hardcover. 216 pages. Dimensions: 9.3in. x 6.4in. x 1.0in. This collection of essays uses the idea of the court as a stage for social and political interaction to re-integrate different styles of court history, focusing on courts in England and the Low Countries from the age of Richard II and Albert of Bavaria to that of Elizabeth I and Philip II. Themes studied include the relationship between court politics and cultural change, the social and political functions of court office-holding, the military, judicial and propagandist roles of the court, the economic relationships between courts and cities and the wider social and political significance of court rituals and traditions....
