BEHAVIOURAL ECONOMICS: A VERY SHORT INTRODUCTION (PAPERBACK)

Oxford University Press, United Kingdom, 2017. Paperback. Condition: New. Language: English . Brand New Book. Traditionally economists have based their economic predictions on the assumption that humans are super-rational creatures, using the information we are given efficiently and generally making selfish decisions that work well for us as individuals. Economists also assume that we re doing the very best we can possibly do - not only for today, but over our whole lifetimes too. But increasingly the study of behavioural...
