RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 336 pages. Original publisher: Washington, D. C. : U. S. Fish and Wildlife Service, 2003 OCLC Number: (OCoLC)74666142 Subject: Big Stone Wetland Management District (Minn.) Excerpt: . . . Alternative 1 - Maintain Management on Current Acres With No Additional Land Acquisition Under this alternative we would manage fee title land already in the system and would not increase the holdings to the agreed goal acres for each county within the District. We would restore native grasslands using local ecotypes of mixed native grasses and forbs and improve wetlands by increasing water control and improving watersheds. We would regularly evaluate our approach to waterfowl production. We would maintain the recruitment rate of waterfowl and the current level of inspection of our lands and easements. We would continue to conduct the 4-square-mile monitoring program and the monitoring of nesting structures under this alternative. We would continue routine surveys such as the scent post survey and bird counts and non-routine surveys when requested, such as the deformed frog survey. We would continue to avoid any actions that would harm endangered or threatened species, and we would note the presence of any species that is federally listed as endangered or threatened. We would maintain the public access to WPAs that currently exists. We would complete and document development plans for every WPA on the District as time and staffing permit. The development plans would be recorded in a geographic information system and document boundaries, habitat, facilities and history of management. Each District would continue with the current level of staffing. We would identify and replace facilities and equipment that do not meet Service standards. We would expect that the maintenance backlog would be reduced, but not eliminated, over the life...
