LIPID BIOCHEMISTRY

Springer. Paperback. Condition: New. 406 pages. Dimensions: 9.2in. x 6.0in. x 0.9in. This book provides coverage of all aspects of lipid biochemistry and is intended for undergraduates, although it will also be useful for postgraduates and research workers as a first reference. This fourth edition has been rewritten and restructured to incorporate recent advances and to present a broader range of material. The organization of the content is based on an approach which classifies lipids primarily in terms of their functions..
