A MANUAL OF SURGICAL ANAESTHESIA

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 54 pages. Original publisher: Washington : U. S. G. P. O. , 2010. LC Number: KF26 . C69 2009d OCLC Number: (OCoLC)613220126 Subject: Health insurance -- Corrupt practices -- United States. Excerpt: . . . 11 Every trick and gotcha that Im going to talk about today is part of a legally approved and marketed plan. Heres how it plays out. Consumers dont understand how health insurance works. A couple of years ago we ran some focus groups of people who had bought their own insurance. We asked if their policies had an annual out-of-pocket limit. They had absolutely no idea what we were talking about even though buying a policy without one is like buying a car without brakes. They dont know the difference between co-pays and co-insur-ance. They dont know that a limited benefit indemnity plan might as well come with a warning label that says this plan will leave you broke if you ever get cancer. They dont understand that pre-miums are low for a reason. As consumers were trained to look for a bargain. People think insurance works the same way. They have no idea that if theyre 55-years-old and have diabetes and heart disease, that no insurer could possibly stay in business selling them a policy for 150 a month. And if they do find a plan at that price, its going to be junk insurance. They really cant find the booby traps in their policies. Ive seen a UnitedHealthcare policy that doesnt cover the first day of hos-pitalization which is the most expensive day, of course. I see many policies that only cover diagnostic tests if they are done in a hos-pital. Aetnas standard individual health plan only covers 5, 000 worth...
