When Eddie Bennett began playing golf as a way to bond with his father, he quickly displayed a rare talent for the game. After a long and at times tragic road to the PGA Tour, all of the hard work appears to have paid off when it seemed as if Eddie would be a sure candidate for Rookie of the Year. Then Eddie sees something he should not have seen on the back nine of the Congressional Country Club. During a practice round for his first U.S. Open, he witnesses a murder. The killer is the man who will probably be the next President of the United States. He quickly understands his golfing career is ruined, but that is not all. The event forces Eddie underground while he tries to prove what he saw in a bid to get his life back. Eddie begins living a life a world apart from the pampered life on tour. He puts his trust in Atlanta attorney, Bryce Ballyntine, who helps him investigate the murder. Through his connection with Ballyntine, Eddie meets Mug, a terribly ugly but brilliant African-American with a criminal past and a talent for creating new identities. Armed with new credentials, Eddie flees to Mexico where he becomes friends with a golf hustler named Al and his gay partner, Manolo. As it turns out, Manolo has a past connection to the man who is now President. After the administration discovers Eddie in Mexico, he is forced to bolt again. In Belize, Eddie hooks up with Becky, a sexy but flighty scuba instructor. In the Dominican Republic, Eddie again risks exposure when he meets Sister Theresa, a nun who knew him in his past life....
