Kitchen Gardening Fresh Produce Indoors All Year Round Are you looking for the perfect way to keep your garden growing all throughout the year? When it gets cold, that often means an end to any type of home grown produce in the average home. It s just too much effort to try and keep plants going when it s frosty and snowing outside, right? Actually, you can keep growing all through winter, thanks to the information contained inside this book. What you ll find inside the book: The benefits of gardening inside, and why it s really not a crazy idea. How to set up the perfect indoor garden, including growing space, lighting, and getting an indoor container garden together. How to grow a variety of common vegetables that grow well inside. Tips for actually growing fruit inside, including citrus trees! Keeping your own herb garden, which will make every meal you make all the more special and flavorful. How easy is it? All of the information in this book is laid out in a clear and concise manner. You don t need to have a particularly green thumb to get started with your indoor garden today. Apart from perhaps some lighting, you will not need any special equipment, other than the things you would use in a regular garden.
