Reviews

The ideal ebook i actually read through. It really is writter in simple words and phrases and not confusing. Its been written in an remarkably simple way and it is just after i finished reading this ebook where in fact modified me, affect the way i think.
(Alice Cremin)

MINDSET (PAPERBACK)

Random House USA Inc, United States, 2016. Paperback. Condition: New. Reprint, Updated. Language: English . Brand New Book. Now updated with new research--the book that has changed millions of lives After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset--those who believe that abilities are fixed--are less likely to flourish than those with a growth mindset--those who believe that abilities can be developed. Mindset reveals how great parents, teachers, managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love--to transform their lives and your own. Praise for Mindset A good book is one whose advice you believe. A great book is one whose advice you follow. This is a book that can change your life, as its ideas have changed mine. --Robert J. Sternberg, co-author of Teaching for Wisdom, Intelligence, Creativity, and Success An essential read for parents, teachers [and] coaches . . . as well as for those who would like to increase their own feelings of success and fulfillment. --Library Journal (starred review) Everyone should read this book. --Chip Heath and Dan Heath, authors of Made to Stick One...
