Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Studying abroad can prove to be a beautiful and enriching experience. However, for many, it soon turns into a real nightmare. What will determine whether you enjoy your experience as a student abroad is your approach. You absolutely need to have the right approach. Despite the never-ending advice you will be hearing from your relatives before you embark on your new journey, only an experienced person who has been through the pain it takes to adapt to a new life can advise you best. In this book, I have shared my very own experiences and lesson I have derived from these. I made a lot of mistakes, but you do not have to go through the same things. When reading this book, I want you to remember that I have once been at the same place you find yourself today. I can relate to you and so, you should be able to relate to the tips I am giving to you through this book. Whether you will be buying this book for yourself or to gift someone who is about to travel for studies abroad, this book will serve as a personal guide.
