Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Faraday s Diary, Vol. 2: Being the Various Philosophical Notes of Experimental Investigation; Aug. 25, 1823-Feb. 29, 1836 The text has presented no new problems. Only a few isolated words have been found illegible, and punctuation, abbreviations and other peculiarities have been treated on the same general lines as in the first volume. Most of the illustrations have been reduced in size, generally to three-quarters of their original dimensions, and placed in the margin as far as possible, against the paragraphs to which they relate. Those which it has been necessary to place at the foot of the page are referred to by signs at the beginnings of the paragraphs, except in a few cases, where the context requires the reference sign at a particular point in the text. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
