No Cliff Hangers! A Steamy Novel guaranteed to HEAT up your E-Reader!!! I don t know how I didn t go insane living all alone for over a year in that house. When I wasn t writing articles, I had a few ways to keep myself entertained, most of which involved exploring my body. I d make a night out of it, taking a bath and lighting some candles. Ironically, I was doing just that when the shower curtain caught fire. The next thing I knew, I was outside on the lawn in nothing but a towel, waiting for the fire department to arrive. I hadn t even gotten to finish my business. They arrived faster than I could ve asked for, so thankfully no extreme damage was done. Seeing all those brave men running through my house made my hormones go wild, so I took it to my advantage, and asked them if they would finish my business for me. I didn t expect what came next.
