Enter the world of The Savage Soul and Scorched Earth -- the advanced society of the twenty-first century that died a painful death -- and the killer s name was Yellow Mike. Join Anthony Moon, a Native American U.S. Marine, who finds himself in a unfathomable apocalyptic world of 150-year old technology, magic-wielding demons, flesh-eating zombies, and monsters of every imagination. Journey with him in this first volume of many where Lance Corporal Moon learns to survive--barely--in a fanatical environment built out of the madness of a twisted drug and an ensuing great disaster. Moon guides you through his journeys and experiences as you follow along in his own personal journal of the life of a Marine on the Scorched Earth . Connect with him now in his story -- One Dead Marine.
