Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.An essay on the principle of population, as it affects the future improvement of society, with remarks on the speculations of Mr. Godwin, M. Condorcet, and other writers - Thomas Malthus. The book *An Essay on the Principle of Population* was first published anonymously in 1798, but the author was soon identified as Thomas Robert Malthus. The book predicted a grim future, as population would increase geometrically, doubling every 25 years, but food production would only grow arithmetically (rising as 1,2,3,4, etc.), which would result in famine and starvation, unless births were controlled. The book overlooked potential improvements in farming such as steam-powered machines, chemical fertilizers, drip irrigation, night lighting, or genetically modified organisms (GMO). The following Essay owes its origin to a conversation with a friend, on the subject of Mr Godwin s essay on avarice and profusion, in his *Enquirer*. The discussion started the general question of the future improvement of society, and the Author at first sat down with an intention of merely stating his thoughts to his friend, upon paper, in a clearer manner than he thought he could do in conversation. But as the subject opened upon him, some ideas occurred, which he did not recollect to have met with before; and as he conceived that every least light, on a topic so generally interesting, might be received with candour, he determined to put his thoughts in a form for publication. The Essay might, undoubtedly, have been rendered much more complete by a collection of a greater number of facts in elucidation of the general argument. But a long and almost total interruption from very particular business, joined to a desire (perhaps imprudent) of not delaying the...
