With relaxation being the word of the day, the Staranians soon find themselves in the vast halls of the Palace library where a mysterious book called The Prism s Echo is brought to their attention. To the naked eye, it is just a book, but to a reader with the right question, it opens the door to infinite possible realities. Unfortunately for Scotty, the wrong question lands him stranded in an alternate universe where humanity has fallen to a space age Nazi regime. To get home, he ll have to enlist the help of a new rebellion, and even come face to face with his own rough-edged alter ego, before confronting the new head of the Nazi himself - Emperor Saki Chu. Is this adventure just a fantasy perpetrated by a mystical book, or is this parallel encounter one that will forever change the course of two universes?.
