

## The Anatomy of the Horse: A Dissection Guide (Classic Reprint)

By John McFadyean

Forgotten Books. Paperback. Condition: New. This item is printed on demand. 482 pages. Dimensions: 9.0in. x 6.0in. x 1.0in. Excerpt from The Anatomy of the Horse: A Dissection Guide The want of an illustrated topographical treatise on equine anatomy has, in the experience of the author, been a great barrier to the efficient teaching of that all-important branch of veterinary education. In this work the object of the author has been to place in the hands of veterinary students a dissection guide comparable, in some degree, to the text-books at the service of the practical student of human anatomy. The order of dissection laid down is that which the author has found to be most advantageous, and he has attempted to describe with accuracy and moderate fulness the different organs as they present themselves in that order. This description is largely supplemented by the illustrations, which are so complete that almost every organ in the body is delineated. The majority of these illustrations are original, being faithful portraits of the author's own dissections. It is hoped that they will prove useful to the student, in the first place, as a plan and a guide in his work, and, secondly, as a means...
