Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Tabular Handbook of Auscultation and Percussion: For Students and Physicians As to the theories of the mechanism of the production of some of the sounds, there has been a great deal of controversy, in which Skoda with his consonance and tension and other theories has taken quite a prominent part. Those theories have been given in the following tables which seem most rational and which are at present most generally accepted.
