Excerpt from A Tour of the Thames: Written and Illustrated With a Faber s B. B For London is famed, or should be, for its fancy craft not to mention some much be?agged steamers of peculiar patterns, screaming at each other and the passengers steam tugs were dodging about with admirable skill and a tremendous air of business, as if a whole ?eet were waiting outside to be towed up to the wharves. There were yawls, scows, dug-outs, bark canoes, shells, tubs and kayaks, besides scores of skifi s, light, strong and graceful as one need wish. But the fanciness is not alone displayed in remarkable lines of build; the rigging is wonderful, and full of devices that would puzzle the Ancient Mariner. Beginning with a yard of bleached cotton nailed to the mast for a mainsail, the canvas ranges through many polyangular patterns of minia ture lug, gaff, fore and aft and square rigs, usually with a lady s cambric handkerchief for a main top royal, and very picturesque they look, dotting the distance, and suggesting many things which are not.
