AUTHORHOUSE, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The given work operates with knowledge empirically obtained by the mankind. In doing so, it interprets some phenomena that is still lacking definitive explanation such as superconductivity, propagation of electromagnetic waves in conductor and in vacuum and resolve the dilemma of the well-known wave-practical dualism. For the first time ever it gives an answer to the question What is gravitational interaction? The book points out the connection between our material world and the world of elementary particles as exemplified by n_0 1H1. Here one will find classification of matter and its starta . The author underscores the universal character of the laws of energy distribution at all matter levels. The levels of themselves are triune and built in the image and after the likeness. The book is the first attempt ever at combining all natural sciences and stepping out of bounds of generally accepted concepts.
