Everything she was she had earned by herself. But she never thought that she was from another world, let alone an heir to the throne. Now, after sixteen years of believing she would never fit in, she found her place in a completely different world; one that happens to be threatened by a force only she can stop. So with new found friends in tow, Tara begins a journey across this new land toward their last hope and all the shuddering realizations that come with it, including the fact that parents are lying when they say monsters and magic don't exist. Can Tara overcome these unfamiliar creatures through her own power, or will she be forced to lean on her newfound friends to stop the end of the world?.
