

Studying a Study and Testing a Test: Reading Evidence-based Health Research (6th Revised edition)

By Richard K. Riegelman

Lippincott Williams and Wilkins. Paperback. Book Condition: new. BRAND NEW, Studying a Study and Testing a Test: Reading Evidence-based Health Research (6th Revised edition), Richard K. Riegelman, Ideal for clinical students including medical, nursing, pharmacy, dental, physician assistant and more! Evidence-based information plays a critical role in clinical practice decisions. Secondary sources are often unreliable; it's up to the student, then, to critically assess peer-reviewed research literature. Using a highly structured yet accessible method, this best-selling text teaches students to critically analyze research from primary sources. Step-by-step approach- learn to recognize a meaningful study, clues to potential study flaws, and ways to apply solid evidence in clinical practice. Simple 6-point framework- learn to evaluate studies in terms of the author's trademark mnemonic device, M.A.A.R.I.E. (Methods, Assignment, Assessment, Results, Interpretation and Extrapolation). Unique Learning Aids - question checklists, real-world scenarios, flaw-catching exercises and more help to make complex concepts easy to grasp. New! New chapters cover safety, prediction and decision rules, and translating research into practice. "Learn More" boxes illustrate key concepts. Clinically oriented "Mini-Studies" demonstrate what can go wrong and how to get it right. Research topics include ethics, the role of Institutional Review Boards (IRBs), and advances in randomized...

Reviews

A must buy book if you need to adding benefit. I am quite late in start reading this one, but better then never. You may like just how the article writer compose this ebook.

-- **Prof. Elliott Dickinson**

The ideal publication i at any time read through. It really is writer in easy phrases and never difficult to understand. Its been designed in an remarkably easy way which is merely right after i finished reading through this publication by which actually transformed me, affect the way i think.
