Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Motion Picture Projection Those of us who have witnessed the marvellous development of the great motion picture industry, who have perhaps played in our childhood with the strangely named toys, which produced the crude effects of movement of a few printed figures on a short strip of paper, have lived through the most astonishing drama of all that the moving picture world has produced. Its own development to one of the principal industries of the world is a great romance. It is a romance told by thousands of films all over the civilized world; every film is a short chapter in the great story. The modern motion picture projection machine has grown up from the old tin magic lantern. It has become a marvel of mechanical perfection. Every movement is precise. It deals with minute quantities, which are magnified to colossal dimensions on the distant screen, establishing a condition for showing the smallest error or imperfection in the mechanism. The projection of the minute film picture is a severe test for the mechanism of the projection machine. This is the...
