CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 152 pages. Dimensions: 11.0in. x 8.5in. x 0.3in. The contents of this book are of great value in educating the human mind, especially in its appreciation of the fact, that Order is Heavens First Law. This may not be realized in a single reading. We advise repeated readings of the whole book before attempting to practice its lessons. Each reading will throw a new flash of light upon minds unfamiliar with Astrology. Superficial readers might judge the lessons herein given to be tautological, but the author deems these repetitions necessary to impress certain important facts upon the student. Repetitions in teaching are lposgycichofactors. The teacher who never alludes to a matter but once would be apt to make a superficial impression. The Wonder Wheel herein presented is an ingenious compilation of Astrologic lore, created by the Author for his own convenience, many years after he had become adept in the Science. He found that he often needed an Astrologic lay-out of the heavens before his eyes when working out his problems. In using it he soon learned that he could dispense with the mathematical sums, for, knowing the motion of the planets, (as per page 28) he could trace their position from point to point about the circle with his eye. The Wheel reveals at a glance the Zodiacal Signs, their names, numbers, and Horoscopal correspondences; the degrees of Zodiac corresponding with yearly calendar; parts of the body and the human characters ruled by the signs, their lordships; the decanates and terms of the signs and their rulers; the clock hours of the day by which Hscooropes may be calculated; the planetary hours, and week-day rulers, aspects and angles from the several signs. Years of Life circle; differences...
