# Efficient Algorithms for Listing Combinatorial Structures (Hardback)

Filesize: 1.15 MB

## Reviews

This book may be worth purchasing. I was able to comprehended every thing using this published e publication. I am happy to let you know that this is the very best ebook i have got read inside my very own daily life and could be he finest ebook for actually.

# EFFICIENT ALGORITHMS FOR LISTING COMBINATORIAL STRUCTURES (HARDBACK)

To download **Efficient Algorithms for Listing Combinatorial Structures (Hardback)** eBook, please access the link beneath and download the file or get access to additional information which are relevant to EFFICIENT ALGORITHMS FOR LISTING COMBINATORIAL STRUCTURES (HARDBACK) ebook.

CAMBRIDGE UNIVERSITY PRESS, United Kingdom, 2012. Hardback. Book Condition: New. New.. 248 x 180 mm. Language: English . Brand New Book ***** Print on Demand *****.First published in 1993, this thesis is concerned with the design of efficient algorithms for listing combinatorial structures. The research described here gives some answers to the following questions: which families of combinatorial structures have fast computer algorithms for listing their members? What general methods are useful for listing combinatorial structures? How can these be applied to those families which are of interest to theoretical computer scientists and combinatorialists? Amongst those families considered are unlabelled graphs, first order one properties, Hamiltonian graphs, graphs with cliques of specified order, and k-colourable graphs. Some related work is also included, which compares the listing problem with the difficulty of solving the existence problem, the construction problem, the random sampling problem, and the counting problem. In particular, the difficulty of evaluating Polya s cycle polynomial is demonstrated.
