

Ageing and Dementia

Filesize: 3.43 MB

Reviews

It is just one of the most popular ebook. It usually fails to price an excessive amount of. You will not really feel monotony at at any moment of your time (that's what catalogues are for about when you check with me).

(Matteo Torp)

AGEING AND DEMENTIA

Book Condition: New. Publisher/Verlag: Springer, Wien | Ageing and dementia are closely related conditions. Increasing age of the general population causes increasing incidence of dementing disorders in later life, although cognitive impairment is not necessarily a consequence of advancing age. The book presents the papers of the International Symposium on Ageing and Dementia, October 17-19, 1997 in Graz, where internationally renowned experts in the field of ageing and dementia gave an overview of the current knowledge about the epidemiology, pathomorphology, clinical diagnosis and course of brain ageing processes and related dementing disorders, biochemical markers and imaging procedures for the diagnosis of Alzheimer's disease and current approaches to a successful treatment of dementia." this book will be of interest to clinicians with previous experience of clinical dementia assessments, and to researchers who want a comprehensive update on research areas of dementia with which they are less familiar. It will also be of interest to those following the development of neurotrophe factors for treatment of dementia who need an extensive introduction to the preclinical studies of Cerebrolysin®. The book will be fairly useful as a textbook for clinicians who are learning about clinical dementia assessments for the first time." Acta Psychiatrica Scandinavica | Anti-oxidants and cognitive function: a review of clinical and epidemiologic studies.- Brain abnormalities in the elderly: frequency and predictors in the United States (the Cardiovascular Health Study).- Apolipoprotein E genotype, atherosclerosis, and cognitive decline: the Rotterdam study.- The spectrum of age-associated brain abnormalities: their measurement and histopathological correlates.- Cognitive correlates of cerebral white matter changes.- Concepts on the prognostic significance of white matter changes.- Difficulties in the clinical diagnosis of vascular dementia and dementia of the Alzheimer type - comparison of clinical classifications.- Problems of differential diagnosis between depressive pseudo- dementia and Alzheimer's disease.- The neuropathological diagnosis of Alzheimer...
