Although he married and had a family, he was an early advocate of male love (homosexuality), which he believed could include pederastic as well as egalitarian relationships. He referred to it as l amour de l impossible (love of the impossible). A cultural historian, he was known for his work on the Renaissance, as well as numerous biographies about writers and artists. He also wrote much poetry inspired by his homosexual affairs.ohn Symonds was born at Bristol, England in 1840. His father, the senior John Addington Symonds, M.D. (1807-1871), was the author of Criminal Responsibility (1869), The Principles of Beauty (1857) and Sleep and Dreams. Considered delicate, the younger Symonds did not take part in games after age 14 at Harrow School, and he showed no particular promise as a scholar.
