Reviews

This ebook is definitely not straightforward to start on looking at but really enjoyable to learn. It usually will not charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.

THE SYNTHESIS OF SELF 1987: VOLUME 2: IT ALL DEPENDS ON HOW YOU LOOK AT IT: DEVELOPMENT OF PATHOLOGY IN THE COHESIVE DISORDERS

Springer-Verlag New York Inc., United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The oedipal situation involves much more than an instinctual attitude toward a prohibited object giving expression to unconscious wishes. It introduces a whole new way of perceiving the internal and external world and an entirely different orientation to the myriad of life's experiences. A great deal of structural development, requiring the negotiation of a sequence of early developmental tasks, has to have taken place before it is possible to encompass the complex demands of an oedipal attitude. When these early steps are not negotiated, although genital instinctual impulses may be manifested, the structural alignments necessary to enter into an oedipal position cannot be effected and the intrapsychic conflicts it engenders are not encountered. The thrust of early development has made it essential for a narcissistic perspective to be adopted toward all stimuli and all relationships in order to enable all attachments must of necessity be continuing self-expansion. based upon the narcissistic supplies they contain, which ultimately lead to increasing levels of independence, self-differentiation, and individuation. It is precisely when the component instincts are consolidated into a genital drive that a narcissistic orientation can no longer incorporate the representation of experiences needed for the full realization of self-potentials. Were stimuli to only possess significance in regard to their narcissistically enhancing attributes, the resulting dependence upon the external world would run counter to the thrust for independence and autonomy. Softcover reprint of the original 1st ed.
