Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Why are homing pigeons so vital to have on board when going on a family outing? Why should old men owning museums never be underestimated by art thieves? And why should one be careful when flying a monster kite on a windy day? Andy Campbell s answers to these questions make exciting, thrilling, delightful reading (or reading aloud). This book, the third in Andy s series of adventurous and often hair-raisingly suspenseful stories for and about children in the Caribbean, is fabulously illustrated by Trinidadian up-and-coming illustrator Ryan James. And because Andy is a retired pilot, there is always the thrill of flying involved somewhere in his stories . and if it s only tribal blow-darts whirring about in the night!.
