

Sex - Avoided Subjects Discussed in Plain English (Paperback)

By Henry Stanton

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Henry Stanton was appalled at the shocking lack of information given to young people about sex and reproduction in his time. He felt this was a crime that needed to be fixed and so he wrote this book explaining sex for young and old. Ignorance of basic reproductive processes he felt led to experimentation that then led to sin, crime and prostitution. While this book is definitely not written in what I would call Plain English, contains some very questionable facts about masturbation and menstruation and might seem very moralistic and dogmatic to our current society, he does hold out high ideas for all in affairs of self respect, love and marriage. If nothing else, this is a delightful peek into the thoughts of almost all people our very recent country's past.
