GLOBAL HEALTH: FACTORS CONTRIBUTING TO LOW VACCINATION RATES IN DEVELOPING COUNTRIES: NSIAD-00-4

Global Health: Factors Contributing to Low Vaccination Rates in Developing Countries: NSIAD-00-4

U.S. Government
Accountability Office (GAO)

BiblioGov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 40 pages. Dimensions: 9.7in. x 7.4in. x 0.1in. Pursuant to a congressional request, GAO examined some of the key issues involving vaccine availability for children in developing countries, focusing on the: (1) locations where shortfalls in immunization coverage are most prevalent; and (2) factors that impede vaccine availability in these locations. GAO noted that: (1) while global immunization coverage for six diseases originally targeted by the World Health Organization...

Reviews

Absolutely one of the best book I have ever study. It is actually writter in simple terms rather than confusing. I realized this pdf from my dad and i suggested this pdf to understand.

-- **Garry Quigley**

Thorough information for ebook enthusiasts. It is rally fascinating throgh reading through period of time. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Hillard Macejkovic**

Complete guideline for pdf lovers. It is definitely basic but shocks within the 50 percent of your ebook. I am easily could get a pleasure of studying a created publication.
