

The Secret of Lonesome Cove (Paperback)

By Samuel Hopkins Adams

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Lonesome Cove is one of the least frequented stretches on the New England seaboard. From the land side, the sheer hundred-foot drop of Hawkill Cliffs shuts it off. Access by water is denied; denied with a show of menacing teeth, when the sea curls its lips back, amid a swirl of angry currents, from its rocks and reefs, warning boats away. There is no settlement near the cove. The somber repute suggested by its name has served to keep cottagers from building on the wildly beautiful uplands that overbrood the beach. Sheep browse between the thickets of ash and wild cherry extending almost to the brink of the height, and the straggling pathways along the edge, worn by the feet of their herders, afford the only suggestion of human traffic within half a mile of the spot. A sharp-cut ravine leads down to the sea by a rather treacherous descent.
