

Classical Indian Philosophy of Mind: The Nyaya Dualist Tradition

Filesize: 9.32 MB

Reviews

Great electronic book and useful one. It can be written in straightforward terms rather than difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Motilal Banarsidass Publishers Pvt. Ltd., New Delhi, India, 2001. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. This book examines psycho-physical dualism as developed by the Nyaya school of Indian philosophy. Dualism is important to many world religions which promote personal immortality and to morality which promotes free will. For the Nyaya, the self is a permanent, immaterial substance to which non-physical internal states like cognition belong. This view is challenged by other Indian schools, especially the Buddhist and Carvaka schools. Chakrabarti brings out the connections between the Indian and the Western debates over the mind-body problem and shows that the Nyaya position is well developed, well articulated, and defensible. He shows that Nyaya dualism differs from Cartesian dualism and is not vulnerable to some traditional objections against the latter. A brief discussion of the Samkhya and the Advaita theories of the self and the critique of these views from the Nyaya standpoint are included, as well as a discussion of a classical Nyaya causal argument for the existence of God. The appendix contains an annotated translation of selected portions of Udayana's Masterpiece, *Atmatattvaviveka* (Discerning the Nature of the Self). Printed Pages: 309.
