Audible Studios on Brilliance, 2016. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. This is a highly comprehensive introduction to the Talmud, the age-old storehouse of Jewish wisdom. Bokser covers the long history of the Talmud, from its origin in the Babylonian exile, its growth through the five centuries after the Roman destruction of the Temple, and the later persecution of the Talmud. The book covers a number of high-level topics, including social ethics and personal morality, with numerous examples from the Talmud. Ben Zion Bokser was one of the major Conservative rabbis of America. He stressed the Rabbinic sages and the Talmud as the source of Judaism. This is not an uncommon impression and one finds it sometimes among Jews as well as Christians - that Judaism is the religion of the Hebrew Bible. It is, of course, a fallacious impression. Judaism is not the religion of the Bible. Bokser affirms revelation, but revelation is always framed in humans by man. Man receives a divine communication when the divine spirit rests on him, but man must give form to that communication.
