PERSONALITY ASSESSMENT IN MANAGED HEALTH CARE: USING THE MMPI-2 IN TREATMENT PLANNING

Oxford University Press, USA. Paperback. Condition: New. This item is printed on demand. 264 pages. In response to the many challenges facing mental health professionals in the era of managed care, this highly respected group of contributors from academia, managed care, and full-time clinical practice, outline the importance of personality assessment, particularly through the use of MMPI-2. Butcher and his colleagues argue that psychological assessment plays an indispensable role in managed care, both because it is an essential tool for...
