Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Independent, New York: Life, Death and Immortality, is a book which supplies much food for thought. Dr. Thomson s conclusions will be found a support to Christians faith in immortality. Examiner, Chicago: It is especially interesting in that the author, a scientist and physician, points in his conclusions emphatically to the doctrine of the immortality of the soul. Readers will appreciate the vigor in handling a discussion of perennial interest. Herald, Boston: His argument for immortality rests upon the nature of personality. He maintains that the origin of life has never yet been discovered and that, from a scientist point of view, everything points to immortality. Philadelphia Telegraph The statement of the case for immortality on scientific grounds is clearly made, ingeniously argued and urged with entire reasonableness as not only possible but most probable. Herald-Republican, Salt Lake City: Deep thinkers will enjoy this book and find In It ideas that make them think still more.
