It s been over two years in development and is based on solving a real problem experienced by real entrepreneurs and small business owners on a daily basis. Plus there are so many self-proclaimed experts talking about so many different things it s impossible to know who to trust and where to start. Marketing generally is just so confusing these days it s a real nightmare for people like me. The 21st Century Marketing System offers a simple solution to a complex problem. This book is your map of the modern marketing jungle, drawn by an expert who s fought their way through the highs and lows of the modern marketing landscape and cut a path for you to follow.
