Createspace, United States, 2014. Paperback. Book Condition: New. Thulani Ntsonq Ka Sibiya (illustrator). 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.If there is to be a single book that seems to answer several questions and problems, from different fields of study, be it economics, sociology, and political science, or even accounting, that book has finally been written. The author has managed to put together the answers to the most pressing economic and social questions in political economy. Outdated economic systems and their attendant economic structures set up centuries ago are exposed for creating a system of inequalities that we have come to accept as normal. Creating inequality, condemning workers to slavery, and aggregating wealth into a few hands, are clearly exposed as the ills of what has long been regraded as a perfect political economy. Company law has worked to make citizens second class individuals when it comes to wealth creation. While taxation has been hyped about of late and world leaders have resorted to tame chiding of few multinationals, the book takes the reader to the details of how tax is calculated. And since all wealth and income to the majority is through what remains after tax, the result is a shocking revelation of how the tax laws have intentionally made the majority poorer and has benefited the minority. Currency and money are explained as two different things and blessed with that new understanding, inflation, government debt and public finance are discussed, to the startling conclusion that these also have been used to make the majority poor to be poorer and that these are secret taxes in reality. Not only is the reader able to understand the various errors and fallacies that have created poverty and inequality, the author calls for a...
