Createspace, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Women in military, fighting alongside their male counterparts seems to be a thing of science fiction when looking at today's military. They are the embodiment of the brave soldier that we come to applaud. The difference is they are all women, typically the unsung heroes of war. Far from the Rosie Riveters back home, this book tells the tales of fearless and courageous women who put their lives on the line to fight for their countries. Their stories will move and excite you. Discover the flight of the Night Witches. The fearsome women that patrolled the night sky in little more than pine and canvas planes, striking fear in the hearts of men. Across the continent in Asia, read the story of a brave nurse who nearly sacrificed her own life in order to save the lives of others. There's the tale of her daring supply raid and the lengths that she went to help some of the children prisoners held along with her. Even in the face of death, she sacrificed so they would be safer. Even if you are not an avid history buff, these stories will fascinate...
